Metals

Section A

1. C
2. A
3. A
4. B
5. A
6. A
7. A
8. C
9. C
10. C

Section B

11. Metals
12. Alloying
13. Potassium
14. Silver
15. Slug

Section C

16.
 - They are lustrous
 - They are solids except for mercury
 - They are mobile electrons
17.
 - To increase its resistance to rust
 - To increase the properties of magnetism
18.
 - It is made of bricks
 - It has a high melting point
19.
 - Used to make coins
 - Used in electric cables
20. The addition of small quantities of metals to another metal.

A top student's secret tool
